Congratulations to Petite Riviere Elementary grade 2 student Leona Ellis for winning our recent T-shirt design competition! A huge thank you to every student who submitted an entry. We loved them all!

Work on the final wall of the Broad Cove Hall siding project is almost done!

The old shingles have been removed, wall repairs done, and new “Cape Cod” siding is being added.

A big thank you to volunteers Danny, Gary, and Ken, along with lead carpenter Kevin, for their hard work.

This project was funded through a MODL grant and community fundraising. Thank you for your support.
